SKILLS

EDUCATION

BA (Hons) Digital Arts

University of Kent (Year in Industry)

2016 – 2020

Speech Link Prize — Best Therapeutic Application Design 2020

PGCE with QTS, Computer Science

University of East London

2020 – 2021

CertHE Illustration

UCA Farnham

2014 – 2016

Extended Diploma, Art & Design (Level 3 UAL)

UCA Maidstone

2012 – 2014

PROFILE

Senior UX Designer with around six years of UX experience across internships, agency work, and a full-time role at Yoyo Design, where I lead end-to-end design across multiple client projects. Working across the full double diamond process, from discovery and design thinking through to interaction design, design systems, and handoff-ready UI. I deliver to WCAG 2.2 AA standard and work cross-functionally with developers, PMs, and clients in Agile environments. I'm drawn to organisations with a real communication challenge, where research changes the outcome rather than just validating it.

EXPERIENCE

Senior UX Designer

Jan 2022 – Present

Yoyo Design, London — digital agency. Promoted from UX Designer to Senior.

- Led UX across charity, ed-tech, and NGO projects: user flows, IA, wireframing, prototyping, and responsive mobile-first UI
- Built and maintained design systems, ensuring consistency across complex multi-page products
- Delivered accessible WCAG 2.2 AA products with screen reader optimisation, keyboard navigation, and accessible colour systems
- Ran heuristic evaluations, usability testing, card sorting, and stakeholder interviews to drive evidence-based decisions
- Worked cross-functionally with developers, PMs, and clients; facilitated workshops using Miro

Teacher of Computing and Business

Sep 2020 – Nov 2021

Walderslade Girls' School / Hillview School for Girls

Career pivot following PGCE; returned to UX design January 2022.

- Taught Computer Science and Business to secondary school students; planned and delivered lessons and managed assessments

UX Research Intern

Jun 2020 – Sep 2020

Yoyo Design, London

- Supported user experience research across client projects, contributing to synthesis and documentation

UX Design Intern (Year in Industry)

Aug 2018 – Aug 2019

Zebra Technologies, London

- Supported UX design within a global in-house team; prepared prototypes in Sketch presented via InVision
- Produced web assets and graphics using Adobe suite; assisted with client and market research

KEY PROJECTS

Worldwide Cancer Research

Full website redesign spanning discovery, strategy, IA, and UI through to launch.

- +18.6% users
- +13.3% sessions
- +3.75% individual donations
- +£1,157/month donation income
- 727 newsletter sign-ups

Fight for Sight / Vision Foundation

Merger-era redesign with accessibility as a primary constraint across four distinct user journeys.

- +70% donations page traffic
- +£10k donation income in year one
- 228 newsletter sign-ups/month

GIFCT Definitional Frameworks

Global research tool for comparing terrorism legislation. Three audience groups, 40+ content types, two partner organisations.

- 80% of users reported faster research
- Most-adopted GIFCT digital release
- Launched at global summit

EARLIER EXPERIENCE

Freelance Illustrator

2013 – 2023

- Illustrated two published books; commissions for Central London firms and small businesses

Systems Executive

Apr 2016 – Sep 2016

Portafina, Gillingham

- Administrative support role during transition between UCA Farnham and BA at University of Kent

Sales Adviser

Jan 2015 – Apr 2016

Everything Everywhere (EE), Gillingham

- Keyholder; handled cash and banking. Co-managed store without management for three months
